

Easter 2025

Dear Sisters and Friends,

Greetings on this holiest of holy days in the life of the Christian community! A Blessed and Peaceful Easter to each one of you! May we all enjoy the renewed energy for living that this season of HOPE inspires. May we become the "Pilgrims of Hope" our wounded world so desperately needs.

As we experience the transforming power of the transition from life through death to new life, we acknowledge that we are "resurrection people", followers of the ONE who through His living, dying and rising, gave humanity a new understanding of its place in the cosmos. Attached for your Eastertide meditation is a wonderful reflection on the significance of Christ's resurrection for the whole of creation. May it encourage us to continue steadfastly in our efforts to respond to the "Cry of the Earth, Cry of the Poor " so urgently made by Pope Francis in *Laudato Si'*.

In her writings Saint Angela placed a great emphasis on HOPE and often enjoined her companions to "never lose courage or hope" and to have "high hope", assuring us that she and our Beloved are always with us.

May we feel their abiding presence with us this Easter!

Together in HOPE,
Jean Ann, Karen, Marian and Theresa
